Keywords

MySQLReplication mysql

Symptom (public)

```
1. 安裝 MySQL 8.0 時，執行以下命令：
mysql_install_db --user=mysql --basedir=/usr --datadir=/var/lib/mysql

2. 安裝 i2Active/i2soft/i2soft-replicator/bin 目錄下的 replicator 目錄。
cp -r i2active/i2soft/i2soft-replicator/bin/replicator .

3. 執行以下命令以啟動 replicator：
./start_replicate.sh
```

Problem (public)

increment routine is not ready, wait for a while...
ReplicatorChk.cpp::ChkRepStat:298 increment routine startup outtime. wait or check.

Solution (public)
